

The APart CM4T is the ideal match between size and sound! Just one size bigger than a halogen-spot model, this 100 V loudspeaker has all the elegance and an amazing powerful sound. It is ideal for those situations where you want a small elegant speaker with just that little extra power!

The CM4T has a full metal frame and a coated dual paper cone for the lowest distortion and increased resistance against moisture. This speaker is standard available in white, black and silver. From 12 pieces on, the loudspeaker can be painted optionally in any other RAL color. (Ref; PAINTCMM).

White color: CM4T	RAL9010
